Aims and scope

The Journal of Psychological Therapies in Primary Care aims to disseminate articles and new developments in the following broad areas:

1) Counselling/psychotherapy and other models of clinical work e.g. art therapy
2) Evaluation and outcome studies
3) Politics, policy and debate
4) Commissioning and purchasing developments
5) Collaboration between general practice and all forms of psychotherapy work in Primary Care
6) Student (Trainee Counsellors, Psychological Therapists and General Practice Registrars) experiences.

The following types of articles will be published:

1) Peer reviewed original articles
2) Peer reviewed short reports of work in progress
3) Short personal views
4) Classic papers from other journals
5) Editorials and guest editorials
6) News and views
7) Book reviews.
